Summary:

I completed postgraduate studies at WSB Gdańsk in the field of **junior front-end** developer 07/06/2020 and at WSB Gdynia in the field of **Software Tester** in 2018. I passed the ISTQB Foundation lvl exam. I have a basic understanding of application testing. I like acquiring new knowledge and I am interested in the IT industry and development in this direction. Currently, I am dealing with development in website design in various technologies. I learn HTML, CSS and JS and additional technologies, such as the Bootstrap framework. I want to start working as a front-end developer or Javascript programmer and develop towards a full-stack developer with "Java programming language.

Abilities:

- JavaSript
- HTML5, CSS3
